How does the program work?

Before you or a covered family member are scheduled for an MRI, CT or PET scan, simply call the OCCM number on your ID card:
888.458.8746

Our care coordinators will assist in selecting a network provider that is conveniently located near the members home or work.

Once a facility is selected, the appointment is scheduled by conducting a unique 'three way' call involving One Call Care, the imaging center and the patient.

During the same call, members can ask questions regarding their test or for further help in understanding how the medical plan covers the imaging procedure.

Members must schedule the procedure through One Call Care to receive discounts
