Simple Pricing

We understand how confusing – and expensive – medical bills can be. A bill from the surgeon, a separate invoice for anesthesia, and more can pop up. But all KPPFree™ providers bundle pricing – a single, all-inclusive price for your care.

Serious Savings

Healthcare can be costly. But with KPPFree™, the price for your care can be 50-80% less than the average network allowed amount.

**KPPFree™ is only available for covered services. If a participant has other primary insurance, the benefit is not available. Neither the Plan or the Plan Administrator, make any warranty as to the quality of care that may be rendered by any provider. Under IRS guidelines, except for ACA mandated Preventive Services, participants enrolled in a Qualified High Deductible Health Plan must meet their deductible before receiving a 100% benefit.*
